

National Bank of Ukraine Study Questions

1. Which tasks, among many, should the NBU board members prioritize in order to maximize the probability of success at transformation if/when conditions grow more favorable?
2. What strategies/actions should the NBU decision making team use in order to increase the likelihood of achieving reform? More specifically:
 - In addition to the IMF, who are potential allies of the reformers? And how can reformers win additional support?
 - What pressure and influence can the NBU team employ in order to influence oligarchs and legislators and lessen their hostility?
