Dairy products	50	20-37	10-12
Wine	65	45	14
Tobacco	34	28	10

a: Barley was subjected to licence and import quota, the tariff rate was 3% for import within the quota and no above-quota barley with 114% tariff was imported in 2001.

b: Tariff rate was as high as 114% before 2000 and lowered to 3% in after the early of 2000.

a: Figures in parentheses are the share (%) of non-state trading in import quota.

b: Designated trading in 2002-2004 and phased out thereafter.

c: TRQ regime will be phased out in 2006. In 2005, import quota will be 7.27 mmt with 9% in-quota tariff and 65% out-of-quota tariff.

d: Phased out quota for state trade.
